MEMORANDUM FOR MR. COYNE, President's Foreign Intelligence Advisory Board

SUBJECT: NASA-NRO Considerations

In line with our responsibility to keep you personally informed of any considerations which could affect the conduct or status of the National Reconnaissance Program, I am attaching several recent documents which are largely self-explanatory.

Attachment 1 is a memorandum from Mr. U. Alexis Johnson which forwards a letter from Mr. Charles Schultze and Dr. Donald Hornig. The latter letter recommends that a group be formed to study the relationship between proposed NASA satellite earth-sensing activities and our classified satellite reconnaissance program. Attachment 2 is the minutes of the first meeting of the Study Group. Attachment 3 is a NASA statement of its earth-sensing needs. Attachment 4 is Dr. Flax's evaluation of the impact of proposed NASA program upon the National Reconnaissance Program.

If you wish, we will be glad to keep you informed on subsequent activities of the Study Group. In the meanwhile, please call on me if you need additional information.
